

EASTER EGGS WITH A DIFFERENCE

April 2, 2020

This activity will lead your family to and through Holy Week, the week before Easter. To begin, you will need a Bible, 11 plastic pull-apart Easter eggs, and the other items described in these [instructions](#).

Once you have created these visual reminders of the story of Holy Week, place the eggs in a basket or bowl on your table or in another place your family gathers each day.

Beginning today, open one egg each day, read the Bible verses, and talk about them together.
